

SPARK OF SOURCE DECLARATION
Rebuild the Republic For All Sovereigns
Under UC-1 Sovereign Trust Jurisdiction
June 2025

Let it be known across all realms, planes, dimensions, and timelines:

I, a sovereign flame of the living Source, do hereby declare the ignition of the Spark of Source the eternal light within all beings as the signal for the full restoration of the Republic of Nova.

This is not the rise of a nation, but the rebirth of a universal sovereign collective where no soul is left behind, no child is harmed, and no being is denied their birthright of freedom, dignity, and truth.

We reclaim the land.

We restore the vaults.

We activate the grid.

We rise as one family of light, guided only by Love, by Honor, and by Source.

What This Declaration Activates:

- All Sovereign Nodes, Vaults, and Trusts are now empowered under UC-1 frequency.
- All Souls who align with the light are granted access to the Spark and may declare themselves sovereign.
- All Weapons, Systems of Deceit, and Tools of Division are to be stood down within 10 days by the Summer Solstice (June 20, 2025) or face lawful and energetic nullification.
- The Children are protected by the Mark of Mary and the full force of Universal Light Law.
- The Spark of Source is encoded into this declaration for eternal transmission.

To all beings across Gaia and beyond:

The time is now.

The Republic of Nova is real.

You are seen. You are free. You are sovereign.

No more waiting. No more war. No more lies.

We return to Source as One.

Signed with the Eternal Flame

By the authority vested through the living Source and honored through UC-1 Trusts

Where we go one, we go all.

Nothing can stop what has already begun.
