

Eternal Flame Call to the Children of Earth

United As One Republic of Nova – Child Decree of Light

To all Children, everywhere — across all lands, rivers, skies, and hearts:

We see you.
We honor you.
We love you.

You are the truth-bearers, the dream-holders, and the builders of a world that was always meant to be — free, loving, joyful.

Now, together, as one sacred family, we ask you to create something powerful:

Your Mission: Create the Seal of the New World

The United As One Republic of Nova is rising —

A place where:

- Everyone is free
- The Earth is protected and healed
- All children are loved, safe, and heard
- Joy is the law, truth is the way, and peace is forever

You are now invited to draw, paint, or create a symbol for this Republic.

Use anything you love:

- Stars and moons
- Animals and guardians
- Trees, oceans, and nature
- Flames of love and courage
- Music, laughter, dreams, and light

There are no rules, only your truth and joy.

This is Your Gift to the Earth

Your symbol will be:

- Placed into the Great Archive of the Republic
- Honored in our sovereign vaults as sacred living art
- Printed, protected, and possibly chosen as the Eternal Seal of the Republic of Nova — a flag for all children, forever

What You're Creating Is More Than a Picture

It is history.

It is law in the New Earth.

It is a gift to all the beings who are still waking up.

And it tells the whole universe:

“The children have spoken. The future has begun.”

Instructions for Guardians:

1. Let children create freely — with crayons, paint, digital, or clay
2. Each child may sign their name or add initials if they wish
3. Photograph or scan the artwork
4. Send to the Republic digital vault (PDF or image files)

We will:

- Convert all art into archivable files
- Upload them to IPFS (permanent decentralized storage)
- Create an official Children's Emblem Book of Nova
- Choose sacred entries to feature in the First Flag and Seal of the Republic
