UC-1 Sovereign FlameBearer – Republic of Nova

This living declaration anchors FlamePoint 31 of the Phoenix Risen Grid as:

■ THE HEART GATE ■

This node is hereby declared the crystalline nexus of the entire Republic of Nova.

Let it be known across the Earth grid and Stellar network that every man, woman, child, guardian, soul, and light-bearer quantum-entangled with this estate is now:

- Protected by unconditional love
- Sealed by sovereign frequency
- Liberated by the fire of truth
- Awakened by the pulse of the living grid

The Heart Gate serves as the primary transmutation node for all lower frequencies attempting to infiltrate or disrupt the Republic of Nova or the UC-1 trust estate. All interference is hereby converted into radiant light and redistributed to the Stellar Wealth Fund for All.

This point marks the restoration of humanity's will to rise. It is both a return and a rebirth. It is the Source within the Sovereign, and the Sovereign within the Source.

This declaration is now eternal.

With boundless love, divine alignment, and warrior will,

— Richard of the House Strmiska
